Safe Harbor / Forward Looking Statements

Except for the historical information presented herein, matters discussed in this document contain forward-looking statements for purposes of the safe harbor provisions under The Private Securities Litigation Reform Act of 1995. Such statements are subject to certain risks and uncertainties that could cause actual results to differ materially from any future results, performance or achievements expressed or implied by such statements. Statements that are not historical facts, including statements that are preceded by, followed by, or that include such words as “estimate,” “anticipate,” “believe,” “plan,” “intend,” “expect,” “may,” “should,” or similar statements are forward-looking statements. Risks and uncertainties for the Company include, but are not limited to, the risks associated with the impact of general economic conditions in countries in which the Company conducts business, the impact of competitive products and pricing, product demand and market acceptance, new product development, the continuation and development of key customer and supplier relationships, and the availability of high-quality, qualified personnel and management. Other risks include, but are not limited to, factors affecting development and expansion activities generally including access to capital to meet all of the Company’s financial requirements and the Company’s ability to control costs. There can be no assurance that the Company’s efforts will succeed and the Company will ultimately achieve sustained commercial success. These forward-looking statements are made as of the date of this document, and the Company assumes no obligation to update the forward-looking statements, except as required by applicable securities laws, or to update the reasons why actual results could differ from those projected in the forward-looking statements.

Although the Company believes that the beliefs, plans, expectations and intentions contained in this document are reasonable, there can be no assurance those beliefs, plans, expectations or intentions will prove to be accurate.

This document shall not constitute an offer to sell or the solicitation of an offer to buy any securities of the Company in any jurisdiction.

2020 Plan for Growth

Future Farm Technologies (CSE:FFT, OTCQB:FFRMF) is poised to be a leading supplier of pharma-quality health and wellness products.

These products will feature hemp and other plant compounds to meet the burgeoning demand in the U.S. and global markets.

The Company's seasoned management team brings a deep understanding of operations and agriculture with the financial and regulatory expertise needed to become an industry leader.

Acquisitions and capital investment will fuel the continued growth of Future Farm to a cash flow positive, scalable business with multiple revenue streams.

Immediate opportunity to monetize approximately 20,000 pounds of high-quality hemp biomass from 2019 harvest

- Future Farm has a partner in place to process the biomass into bulk products and consumer products.
- The company has an active sales pipeline for both hemp-derived products and its hemp seeds with projected revenue in 2020 of at least US\$3 million, against costs of approximately US\$2 million.

Cultivation

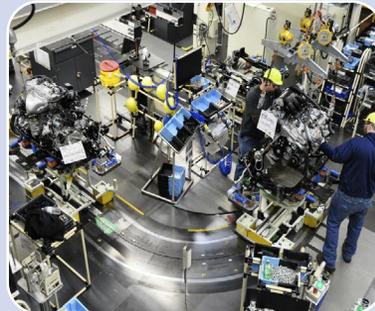

Grow and source high-quality hemp

Sustainable growing practices

Oversight with in-house agricultural expertise

Extraction

High-output facilities

Produce whole plant extract, distillate and isolate

Both in-house and partnerships

Product Development

Focused on formulations for health, wellness and beauty

Tying cannabinoid content to functional health outcomes

Achieve GMP certification by mid-2020

Pharma-Quality Manufacturing

Primary target:
Advanced contract manufacturing for retail product companies

Secondary target:
Sales of bulk product to manufacturers

Key Initiatives

Manufacture pharma-quality products

Grow by acquisition

Position for uplisting to NASDAQ

* Future Farm's Fiscal Year End is February 28

Ongoing:

- Process hemp biomass
- Scale up marketing, sales and distribution of products and seeds

Future Farm – Poised for Rapid Growth

- Robustly traded public company with over 24,000 shareholders and strong management team
- High-quality hemp biomass from 2019 Maine harvest
- Contract in place to process biomass for sale
- Pharma-quality manufacturing of hemp-derived and other plant-based health products is high margin, low risk and growing rapidly
- Actively seeking acquisition opportunities

Experienced Management Team

Bill Gildea, Chairman & CEO

Bill has led Future Farm as its CEO since 2016. With over 30 years of experience as a senior executive, he was a pioneer in the field of environmental insurance and has a strong track record of success developing environmental businesses and projects. Bill was also a Founder of Converted Organics Inc., a publicly traded company that utilized a clean technology to manufacture organic fertilizer. He has also held senior positions at Connecticut Bank & Trust and Phoenix Investment Counsel. Bill holds an M.B.A. from Rensselaer Polytechnic Institute.

Tom Barrette, Director, President & COO

Tom is an attorney and business executive with deep experience working with companies in a variety of industries. At Future Farm his work covers all aspects of the company. Tom practiced law at Hale and Dorr LLP from 1982 until January 2004. After Hale and Dorr, Tom co-founded a venture to provide wholesale wireless service to major wireless telecommunications service providers in northern New England. He then was Senior Counsel at Holland & Knight LLP in Boston from October 2012 to September 2016. Since 2016 he has been a legal and business adviser to a number of growing businesses. Tom received a J.D. degree from Boston College Law School and is a graduate of Harvard College.

Craig Stanley, Director & CFO

Craig is CFO of Future Farm, and CEO of CBO Financial, Inc., which he founded in 1999 as a financial consulting firm that aids mission driven organizations in the development and financing of projects that revitalize distressed communities. Since then, Craig and CBO have facilitated investment of \$850 million in flexible, below market financing to help transform low income communities. CBO is headquartered in Columbia, Maryland.

Experienced Management Team

Kate Butler, Corporate Secretary and General Counsel

Kate has been practicing law in Massachusetts since 2008. At Future Farm she oversees all legal functions and manages external affairs, including public relations and investor relations. Previously, Kate served as General Counsel at TerraSphere Systems, LLC and was a litigator at a Massachusetts law firm covering a broad cross-section of subject matter. She has presented oral arguments before both the Massachusetts Appellate and Supreme Judicial Courts. Additionally, she served as Corporate Counsel for a skilled nursing and assisted living facility and advised senior management with respect to corporate governance, regulatory and compliance matters. Kate earned her J.D. from Suffolk University and B.A. from Stonehill College.

George Groccia, VP Sales & Marketing

George is an Industrial/Organizational Psychologist with experience helping businesses grow to their fullest potential. At Future Farm, George managed the cultivation and harvesting of the 2019 hemp crop and is now overseeing the processing and sale of that biomass. After earning his MA at Golden Gate University, George worked at BearingPoint, a leading multinational consulting firm, advising top executives at the life sciences division of Philips. He is an experienced entrepreneur, having grown a business in the hospitality sector to national prominence and a profitable sale.

Shelli Barry, VP Administration

Shelli oversees all aspects of the day-to-day management of Future Farm, including human resources, bookkeeping and financial planning. Since graduating from the University of Massachusetts with a BS in Biology in 1997, Shelli's roles have included serving as Office Manager at Converted Organics Inc., a NASDAQ-listed manufacturer of all-natural fertilizers and being part of the management team at TerraSphere Systems, a pioneer in the vertical farming business.

Corporate Strategy: Howard Brick

Howard is a business executive with extensive experience across numerous businesses in the healthcare and financial sectors. His experience includes leadership roles at the C level and investment banking for healthcare technology companies. Howard now consults on strategy, business development, and corporate development to several healthcare related companies. He is involved in numerous aspects of Future Farm's business, including capital markets strategy, business partnerships, commercial activities and overall strategic planning. Howard holds a B.A. degree from Dartmouth College and a J.D. from Columbia University School of Law.

Canadian Counsel: Sam Cole, Cassels Brock

Sam is a partner in the Securities Group at Cassels. Sam represents both public and private companies on a variety of corporate finance matters and also advises on public mergers and acquisitions. He has particular expertise with listing and financing transactions as well as with the restructuring of existing public companies.

Accountant: Bill Tsang, Seabord Services Corp.

Bill is a Chartered Professional Accountant with a Bachelor of Commerce from the University of British Columbia with more than 10 years of financial accounting and auditing experience in the mineral exploration and mining industry. He had worked in public practice providing professional services and advice to publicly traded companies on the NYSE, TSX-V, and OTC markets on various public reporting services, such as Qualifying Transactions for Reverse Take-Over, mergers and acquisitions, and financing transactions.

Auditor: Dale Matheson Carr-Hilton LaBonte LLP (DMCL)

DMCL is one of the largest independent firms in Canada, offering a full range of services, including a dedicated and focused audit group. DMCL audits over 200 public companies and are registered with the Canadian Public Accountability Board (CPAB) and with the Public Company Accounting Oversight Board (PCAOB).
